

# WORKING TOGETHER

**A**t Orthopedic Rehab Specialists in Roscoe, our goal is simple...help people get their lives back, and that's what we do every day. Whether it's an injured athlete, a post-surgical patient, injured worker or more, our physical therapy team has the knowledge, experience and motivational skills to help our patients succeed. ORS opened our Roscoe location in early 2011, to better serve patients throughout Southern Wisconsin and Northern Illinois. We are conveniently located at 5306 Williams Drive in Roscoe, in the Main Street Square. Dan McGirk, PT, a Rockford native and graduate of Boylan High School, serves as Physical Therapist and Clinic Director, and brings with him almost 20 years of experience as a physical therapist.

ORS of Roscoe is an independently owned practice and has the flexibility to work with a wide range of patients referred from area physicians. We know that your schedule is busy...so why drive out of the area for therapy, when you can stay local and get

the treatment you need right here? Our clinic is easily handicapped accessible, and we accept most insurance as well.

Dan enjoys seeing a wide variety of patients from older adults to young athletes. He incorporates enthusiasm and compassion with his treatment style to help patients achieve their goals and return to their active lifestyle. He has focused his treatment practices in manual therapy and post-operative rehabilitation, with an emphasis on work related injuries. Dan has also worked with many local industries performing job site analyses, injury prevention stretching programs and ergonomic lifting classes as well as offering job site recommendations to promote safety in the workplace.

**For more information on ORS of Roscoe, give us a call ...we'd love to talk to you.**
